Which Product To Recommend ?

Your digital life-protected

Titanium Product Recommender	Anti Virus +	Internet Security	Maximum Security
If you or a family-member use Facebook, Twitter or MySpace, we recommend Trend Micro™ Internet Security or Maximum Security because it includes social networking security		✓	✓
If you have an Android™ device to protect, we recommend Trend Micro™ Maximum Security because it includes protection for mobile devices.			✓
If you have a family, we recommend Trend Micro™ Internet Security or Maximum Security because they include parental controls.		✓	✓
If you shop or bank online, we recommend Trend Micro™ Internet Security or Maximum Security because they include data theft prevention and the firewall booster.		✓	✓
If you have documents, digital photos, videos, or a music collection, we recommend Trend Micro™ Maximum or Trend Micro™ Internet Security because they have Trend Micro™ SafeSync™ for online storage and access.		✓	✓
If you have a netbook, we recommend Trend Micro™ Anti Virus + for PCs because it covers the essentials, while being light on system resources.	✓
