

## The Community

- Organise a school or class fete for which the students are responsible for inviting the school community. Ask them to make posters and personal invitations for their parents/guardians and/or grandparents.
- Make a class list of the organisations that require volunteers.
- Ask students to be class volunteers for a day. At the end of a day the volunteer should record their experience in a class volunteer diary.
- **Homework project:**  
Ask students to talk to volunteers in their community. Students should present 'A day in the life of ..... ' in a project format.
