

Franklin Plants a Tree
Paulette Bourgeois

Name: _____

Class: _____

Hold your own Earth Day at your school. Select a section of the playground that you can use as a class garden. Ask all the students to bring in a young seedling from home.

Plant the seedlings in your class garden and nominate some students to help water and feed the plants as required. You might like to erect a plaque to recognise your school's Earth Day.

Use the reproducible certificate below to acknowledge your students' efforts.

Earth Day

To: _____

Thank you for helping our class _____
celebrate Earth Day.

Signed: _____

Date: _____
