

Recount

Identity the parts of a recount in the passage below. Colour each section with the following colours:

Title — red, orientation — green, events — blue and ending — orange.

My Shopping Trip

My mum, sister and I went to the shops at Hawkesbury Centre yesterday to buy some new shoes. After we parked the car we got the lift to the food court. We decided to have lunch before we went looking for shoes. Mum had a sandwich, my sister Rebecca had a kebab and I decided to have a chicken salad. After lunch we all felt like an ice-cream. I decided to have mine with chocolate sprinkles; it was really good. We went to the shoe shop and I got a really nice pair of black boots. They will keep my feet warm in winter. My sister also got a pair of shoes—red ones. Red is her favourite colour. Mum bought herself a new top and we bought Dad some new socks. We were all happy with our purchases and showed dad when we got home. He really liked his new socks as his old ones had holes in them.
