

Our National Flag

Name: _____ Class: _____

Australia has celebrated 100 years of federation. It was 100 years ago that 'six became one', that is, the six colonies became one federated nation.

In the top left hand corner of the Australian flag is the Union Jack. The Union Jack signifies Australia's links to Britain. If Australia were to become a republic we would no longer have any legal links to the United Kingdom and a new flag would probably be designed to represent our new status.

**In the box below draft your design
for a new Australian flag!**
