Chapter 3

What is your favourite exercise? When do you exercise? How long do you exercise?

Chapter 4

The animals didn't know what the three things were or what they could do with them. Write a sentence telling what each of the three things are and how they are used.

Chapter 5

The animals said these things were not river things. Ask your teacher if you can look around and see if there are any things that are *not playground things* in the yard. Sort the things you find into groups and make a record of each group. What are you going to do with the things you found? Is there something you could do to stop these things being put in your playground?

Chapter 6

The animals were very kind to return all the things to the people. What do you think the people said when they saw the things back at their place? What do you think the people did with them? What do you think the people should do with them? What happens to the things you don't want any more?
