Class: _____

The Spider Song

Sung to the tune of 'London Bridge Is Falling Down'. Perform the song in the playground on a giant chalk spider web!

Invite students to make spider headbands:

- Measure a 5-cm wide strip of construction paper to fit around the head
- Glue eight 2 cm x 15 cm paper strips around the headband to form the spider's legs. Curl the legs with a pencil
- Draw eight dots on the front of the headband for eyes.

See how fast we spin our webs,
Spin our webs,
Spin our webs.
Round and round we spin our webs,
They grow bigger!

See the bugs stick to our webs,
To our webs,
To our webs.
Strong and sticky spider webs
Catch our breakfast!

Webs are strong in rain and wind,
Rain and wind,
Rain and wind.
Webs are homes that we live in.
We are spiders!
