

A Surprise in the Mailbox

By Eleanor Fremont

It's exciting to receive postcards and mail in the letterbox.

Let's create a postcard you would like to send to a friend.

1. Draw the picture you would like to appear on the front of your postcard in the box below.

2. Write the name of the person you'd like to send the postcard to, then write your name so that the person knows who the postcard is from!

To: _____ _____ _____	From: _____ _____ _____	
---------------------------------------	---	---

3. Cut out your postcard and stick the back and front together. Have everyone in your group set up a mailbox of their own out of a cardboard box. Walk around the room and post your postcards!
