

Name: _____ Class: _____

Party Hat

Fold this page in half on the fold line. Photocopy and enlarge by 200% the side showing the template. Ask each child to colour in the sheet. Try paints, crayons, textas; or you might like to use it for a collage project.

When the students have finished, fold the paper into a cone shape, making sure the base will fit on each student's head. Secure with a couple of staples. You might like to add to the hat a piece of elastic that will go under each student's chin to hold the hat in place.

EXTRA TIP... You could make a sorting hat out of a large sheet of brown card and have fun with the students, sorting them into Hufflepuff, Griffendor, Slytherin or Ravenclaw.
